

Museum Connect Video Project

Over summer and autumn 2020, The Salisbury Museum will be releasing a series of 6 videos inspired by our collections, which will help you to get creative, wherever you are!

How to take part:

- 1) Pick a video that interests you. Visit the [project playlist](#) on YouTube.
- 2) Watch the introduction to the object and see the artist creating their own artwork at home.
- 3) Watch the second half of the video where the artist shows you how to create your own version.
- 4) Gather some materials and get creative! Materials needed are listed in the description box below the video.
- 5) Share your creations with us on the museum's social media channels @SalisburyMuseum using #MuseumConnect

A big thanks to local artists Rachel Heard, Jane Scott, Emma Kerr and Matthew Dean for working with us on this project and inspiring us all to look at the museum's collections in new ways! This project is funded by the Wessex Museum Partnership.

You can use these videos to complement your visit to the museum, or use them in a standalone way to find out more about local Salisbury art and history and have fun.

We can't wait to see what you create!
